Hussein to get added muscle

A 27-stone strongman yesterday left a circus troupe to enrol in the Iraqi army. Mr Zanouk el-Habib (23), who is 6 ft 9 ins, returned home from Edinburgh because he was worried about his family and wished to fight if Iraq went to war, said Mr Mark Borkoski, spokesman for the Archaos Circus, which recently appeared in Galway. Zanouk's routine included tossing the caber and destroying cars. — (PA)
